months \$1.00.

THE democratic United States marshals in Alabama have been reappoint-

grace to America, that their wages are, never make a big sheep. below decent, living prices, and that the operators admit it.

Austria, Italy and Russia will coincide back. with them.

In Nebraska the republican state convention the other day regarded the convention the other day regarded the or, rather, they follow Jersey cows silver question as too dead an issue to with profit to the pastures. Sheep be discussed, and hence made no allusion to it in its platform. And yet William Jennings Bryan hails from Nebraska.

Ir would seem that there is more safety to drunken men lying down in cattle as distinguished from the scrub,

raine, and there is a growing probability that she will some day restore them to France, for a valuable consideration, of course. This would assure lasting peace between the two nations, and possibly lead to an alliance.

war of Spain, expressed the belief that country.-Kansas City Journal. neither Europe nor the United States would interfere in Cuban affairs. He asserted that "Spain has incalculable means excessive. The Journal does resources at her command" and that not quite go to the length of urging the Cuban rebeilion "has now arrived every farmer in the country to handle at the limit of exhaustion."

THE republican state convention of Pennsylvania, in its platform adopted on Thursday last, calls particular attention to the significant fact that the dollar which the farmer now gets for a bushel of wheat will buy \$2.35 worth of the silver the Bryanites promised to give \$1 worth of for the same bushel of wheat.

THE complaint that the speculators and not the farmers are getting the benefit of the advance in wheat is without foundation in fact. The county recorder at Great Bend, Kansas, reports that over \$60,000 in chattel and real estate mortgages have been released since August 1st, "and haif of the wheat crop has not been threshed."

UNEASINESS is manifesting itself in London over the conditions surrounding the Klondike gold fields Englishmen seem to fear that, owing to the great rush of Americans to the region, they will decline to pay the duties and royalties demanded by the Canadian authorities, and that out of this conflicts will arise that will ultimately bring on war between England and the United States.

ONE Seattle man has an eye to business, and seems to know what the lusty miners of the frozen north want. He has gone to Boston to purchase a Nebraska California has resurplus; steamer to ply between Puget Sound Arizona, New Mexico and Colorado and Alaskan ports, and proposes to pocket \$50,000 in taking the steamer to surplus. Oregon and Washington her destination, by taking to Alaska are lightly supplied and Montana, Wyoming and the Dakotas will have not as many cattle to ship or put in the Liver and Kidney Troubles and Pal-\$250 fare each. If he should sail from Boston with such a cargo Klondike states haven't enough cattle to supply would be immediately deserted and the them in beef. There is unquestionably miners would trample one another to a great shortage in cattle, young and old, and of all kinds. And yet we run death rushing over the trails for the up against some one every once in a palpitation of the heart, and was under coast to meet the steamer at the land- while (generally some man who wants the doctor's care most of the time. I

As showing "what fcols we morta's be," an old California miner who became excited over the reports of abundant gold on Coffee creek, Trinity county, that state-all the exagerated pocket in a decomposed quartz veinrelates that at Redding, the nearest railroad station, sixty miles from the pocket vein, a young man landed from San Diego, 600 m les distant, with 95 cents, 75 cents of which he paid for a pan and 20 cents for cheese and crack- continue so all through the season. ers, and, without blankets, bacon, cof- Stock and feeding sheep are now about fee or flour, struck out over the hillsto a region where no placer gold has ever been found.

Fine stock breeders in Texas all reort large sales and satisfactory prices for the past season.

The receipts from the sale of cattle

Considerable uneasiness is felt by the stockmen of Nueces county over the development of a number of cases of farcy among the horses. Several an mals suffering from the disease were shot recently, and every effort is being made to check its ravages.

A gradual reformation is now going on in Texas against the practice of putting bex car size brands on cattle. Years ago it was necessary to do this. but cattle stealing is practically a thing of a past generation, and the loss of millions of dollars on account of too big brands'e in safely be stopped.

Under no conditions allow ed temporarily, or until the republi-cans of that state can agree upon their depends on their being kept thrifty. sheep. The work gives what is mest re-GOVERNOR MOUNT of Indiana says he status of the coal miners is a dis

depends of the work gives what is blest replenty of the first year of a young lamb's life is quired in the deadly di-ease—plenty of fresh air, moderate exercise and employment that is not wearing on the brain, but is still enough to keep it occupied the status of the coal miners is a dis-A lamb, stinted in its growth, will and prevent nervousness. Of course if

The receipts and shipments at Amari le, the largest original shipping point in Texas or in the Unit d States, are PARIS dispatches say that both up to the average this year, possibly France and Germany are decidedly above the average. The actual sales, hostile to American interference in however, are less than usual, most of the cattle now being driven there having been contracted for some time ing been contracted for some time so fascinated with it they have stuck garrison of Khyber rilles was made up to the back.

A small flock of sheep is a satisfactory mowing machine on a dairy farm. They go admirably with Jersey cows, fertilize a pasture more evenly than cattle or horses, and do not tear up grass like young hogs. They are fend of most young weeds and so keep them

The chief difference in the contour of the body of the leading b ef breeds of

of animal industry at El Paso, Texas, has been in the city for several days. He looks for a marked falling off in the importation of Mexican cattle now that the tariff has gone into effect. He thinks that the bulk of the surplu-young cattle have already crossed the border into the states and that there In a recent interview in Paris, General Lopez Dominguez, ex-minister of in the City of Mexico than in this

The sheep business in Texas is apparently in a very healthy condition now: demand is good and supply by no sheep, there being many so situated well women have found that by taking that it is impossible or unsuitable for it regularly during the period of them to do so. Land, surroundings and pregnancy, the danger and pain of many other conditions may render the parturition were much lessened, and in where it can be done, there is nothing In every American household, there that pays better for the investment should be a copy of Dr. Pierce's great that pays better for the investment

The Live Stock Indicator says that the demand for improved bulls of the beef breeds has been very large in Texas and is a very considerable factor in causing the scarcity of good beef bulls which is coming to be felt throughout the entire country. The Texas cattleman does not hesitate to with the best; indeed, he wants no other, for he is beginning to realize now wide is the distance between the range steer and the high grade native, and he is learning by experience the difference in the profitableness of the

The New Mexico and Arizona ranges for next winter's feeders, are now practically exhausted. The spring movement of cattle to northern pastures, the largest in 10 years, Trial bottles free at W. A. Irvin & tures, the largest in 10 years, has closed and everything will settle down till fall. Everything in the way of marketable stock now on the ranges \$100. has been contracted for October ue ivery, and those best posted say that

Texas has been drawn upon for all the young cattle she could spare by feeders in Missouri, Iowa, Kansas and ranges as last year. The southeastern to buy cattle) ''ho complains that "the could not lie on my left side. My appe-Journal is altogether too bullish." The Journal is beginning to think now that it has not been bullish enough, all things considered.

Local commission men have standing orders for 10,000 head of stock help me. In March I began taking sheep. Not one-half enough sheep are Hood's Sarsaparilla. In less than a weekreports being based on a single rich now coming to market. The movements is much lighter than last year wing to strict enforcement of governnent regulations regarding the handing of scabby sheep and the unwilling. ness of range sheepmen to dispose of their flocks. The demand this year is heavier than at the same time a year Independence, lowa. ago and indications are that it will 50c, and sheep for slaughter are 75c higher than the corresponding time last year. Just now the demand is for thin stock steep. Farmers want them

to clean up their wheat and oat fields and also brush patches. A little later, probably about the beginning of Sepby the packers, while the stocks buy- serted. ers get their supplies from Kansas and Missouri sheepmen.-K. C. Pack-

It has been the custom in many communities to poke fun at the occupation of herding sheep as one that is akin to the laziest job in the world. The poor sheep herder has been the butt ridicule of the range to another. Good sheep herders have always commanded good pay, for a good berder is not met up with every day. There are lots of men who think they can herd

A week of it convinces them and their employers that they are not adapted for the work.

A good sheep herder has to be a man The receipts from the sale of cattle in Arizona during 1896 were upwards of \$3,000 000. A neat little sum for the from the stand point of manual work, men who have been holding on by their teeth for eight years.—Gazette. he has to exercise more of less judgment in the selection of feeding places for his flock and care against bad weath-

It appears now that after all these years of abuse and ridicule the posttion of sheep berder is to be sought after by people who do not have to accept that kind of work for the pay that is in

The occupation is said to offer a cure for the most dreadful of human diseases consumption.

The Providence, (R. I.) Journal of a ecent date says:
"Another class of men who watch sheep are those who do it for their health. Dozens of men claimed to have been cured of consumption simply by a man has plenty of money, he can get these things without herding sheep, but there are many men who need them badly who have no money and all who have taken ad antage of this knowledge have surely been benefitted. A mumber of men who have taken up sheepshording have become so fascinated with it they have stuck

pitation of the Heart-Appetite Poor and Could Not Sleep.

"For nearly 10 years I have been troubled with my liver and kidneys and tite was poor and I could not sleep. In January the grip confined me to the house. I was very low and was attended by the very best physicians I could get. It seemed as though nothing would

I could get a good night's sleep. I continued taking Hood's Sarsaparilla and I am now able to lie on my left side which I had not been able to do for years. My and strength." MRS. NICHOLAS MAAS,

Simla, Aug. 26 -It is officially nounced to day that Fort All Musjd, in the Khyber pass, was evacuated after te nber, the demand for fleshier sheep for winter feeding will begin. Most of the range sheep coming now are taken Kneyber rifles (native levies) had de-

> No news has been received of the remainder of the garrison, and there is no confirmation of the report that the Afridis, have massacred 300 of these forces. All Mu-jid was burned by the enemy.

Fort Jehanggesa, which has been occupied by the Airidis, is only a tower, and not of much importances.
A force of 4000 Afr.dis has advanced to Lukarai, twelve miles from Fort Bara, which is southeast of Jamrud.

Gen. Elles will attempt to cut off the retreat of the enemy. Fort Lundi Kotal has not yet been attacked. The insurgents are reported to be short of food and ammunition. All the British army officers on leave

of absence have been ordered to rejoin

their regiments. The British agent at Cabul, the capital of Afghanistan, reports that the Ameer held a durbam (convention of chiefs) on the 17th instant and read the protest of Lord E gin, the viceroy of India, against the complicity of Afghan subjects in the outbreaks of the Indian tribes on the frontier, and then read his own reply to it, following this with a solemn declaration, attested by an oath, that he would always maintain triendly relations with the British government.

Situation Growing Worse, BOMBAY, August 26.—The latest dis-patenes received from the frontier indicates that the situation is getting It is evident that the Indian government must face a grave crisis, involving heavy expenditures and probably great loss of life.

The government is confronted with the following state of affairs: Khyber Pass has fallen into the hands of the Afridis: the posts in Kurram valley are threatened by the powerful tribe of the Orakzais; the Mohammedan tribes men are hesitating a renexal of hos-tilities around Fort Shabkahdra, while thousand- of troops are engaged in crushing the revolt in the Swat valley, and two large brigades are holding the Tochi valley, where the Mansud Mazris Dr. A. E. Brown, Prof. Putnam, are again restless.

The authorities are convinced that All Musjid could only have fallen Millard Patterson, after desperate fighting, as the native Allen Blacker, ance in the Black mountain expedition | Gymnasium, of 1888. The fall of the fort is a very The following promotions and appointments have been ordered in the national guard of New Mexico by Governor Otero, commander in chief:

is promoted to co'onel of the First regiment of infantry; Major Thos. P. Gable of the First battalon of cavalry is transferred to the First regiment of infantry and promoted to lieutenant for the bar south of Peshawur in order to repel the Afridis who were then adcolonel: Captain O. C. Parker of Las to repel the Afridis who were then ad-Vegas, is promoted to be major of the vancing down the Barvi valley. The the gutter for a sleep than on higher ground. At Sacramento, Cal., a few days since, a drunken man laid down on an embankment, and while asleep he rolled off and broke his neck.

Germany begins to realize that she can never Germanize Alsace and Loprevails among the Hindoo traders at Banu, on Kurram river.
